QUALITY ASSURANCE & INDEPENDENCE POLICY

1. OBJECTIVE

The objective of this Quality Assurance & Independence Policy (“Policy”) is to establish a robust framework to ensure:

- Consistent delivery of high-quality professional services
- Maintenance of independence, objectivity, and professional judgment across all engagements undertaken by **RiskMan Consulting LLP** (“RiskMan” or “the Firm”).

This Policy reinforces the Firm’s commitment to professional excellence, ethical conduct, and compliance with applicable professional standards.

2. SCOPE

This policy applies to all individuals and entities associated with RiskMan Consulting LLP. It covers all employees, including those who are permanent, contractual, or interns, as well as partners, consultants, and associates who are professionally engaged with the Firm. Additionally, the policy extends to clients, suppliers, vendors, and any other third-party stakeholders who interact with or are connected to the operations and business activities of RiskMan in any capacity.

3. QUALITY APPROACH

RiskMan is committed to delivering services that:

- Meet or exceed client expectations
- Comply with applicable laws, regulations, and professional standards
- Uphold the Firm’s reputation for integrity, competence, and reliability

Quality is viewed as a collective responsibility and an integral part of all Firm activities.

4. QUALITY GOVERNANCE STRUCTURE

4.1 Oversight by Partners

The Partners have ultimate responsibility for:

- Setting quality objectives and expectations
- Approving quality frameworks and methodologies; and
- Overseeing adherence to quality standards

4.2 Management Responsibility

Senior management is responsible for:

- Implementing quality assurance processes
- Monitoring quality performance across engagements
- Escalating significant quality issues to the Partners

5. ENGAGEMENT ACCEPTANCE AND PLANNING

Quality considerations shall be embedded at the outset of each engagement through:

- Assessment of client requirements and expectations
- Evaluation of the Firm's competence and capacity to deliver
- Assignment of appropriately skilled and experienced personnel
- Establishment of clear engagement objectives, scope, and deliverables

6. ENGAGEMENT EXECUTION AND SUPERVISION

All engagements shall be executed in accordance with:

- Approved methodologies and internal guidance
- Applicable professional standards; and
- Agreed contractual terms.

Appropriate supervision and review shall be maintained throughout the engagement lifecycle to ensure quality and consistency.

7. QUALITY REVIEW AND ASSURANCE

The Firm may conduct quality reviews, including:

- Internal reviews of selected engagements
- Peer or Partner reviews for high-risk or complex assignments
- Post-engagement evaluations to identify lessons learned

Identified deficiencies shall be addressed through corrective actions.

8. INDEPENDENCE AND OBJECTIVITY

RiskMan is committed to maintaining independence in fact and appearance. All personnel shall:

- Act objectively and free from bias
- Avoid situations that compromise professional judgment
- Comply with independence requirements under applicable professional standards.

Independence considerations shall be integral to engagement acceptance and execution.

9. INDEPENDENCE SAFEGUARDS

Safeguards to protect independence may include:

- Conflict of interest checks
- Separation of teams or responsibilities
- Review by independent personnel
- Restrictions on financial or personal relationships

Where independence cannot be adequately safeguarded, the engagement shall not be undertaken or shall be discontinued.

10. NON-COMPLIANCE WITH QUALITY OR INDEPENDENCE REQUIREMENTS

Any actual or suspected non-compliance with quality or independence requirements shall be:

- Reported promptly to senior management or Partners
- Assessed to determine appropriate corrective action.

11. DOCUMENTATION

Quality assurance and independence-related activities, including reviews and approvals, shall be appropriately documented to support transparency and accountability.

12. TRAINING AND COMPETENCE DEVELOPMENT

The Firm shall promote quality and independence through induction training, ongoing professional development, and periodic communication on quality and independence expectations.

Personnel shall maintain competence appropriate to their roles and responsibilities.
